NO. 33

EXEMPTIONS HEAVY

**Out of 283 Examined By Local Board
101 Claim Dependents and 57
Failed to Pass Physically.**

22 CLAIM NO EXEMPTION, WHILE THREE FILED NO PAPERS

"If it were not for my wife and children, I would go in a minute;" "I wish I did not have to claim exemption," and like expressions are what one hears at the local exemption headquarters, where the board is examining those called in the first draft. But it seems that nearly all of the men examined have to claim exemptions for one cause or another, as out of 104 examined and passed, only 22 claimed no exemption.

Exemption rules cause rather peculiar situations, inasmuch as some of the boys who went before the board, who have dependents, and hardly look physically fit to go to the army pass, and others without dependents and perfect specimens of manhood, fail because of flat-foot, twisted arches, etc.

Dr. E. B. Pendleton, chief examiner, is being assisted by Drs. Willard Lake and Shelby T. Stevens. Dr. P. T. Willis is the physician who passes upon the final physical fitness of the boys examined. He is being assisted by Park Taylor.

The local Exemption Board convened Thursday, and proceeded to examine, as rapidly as possible, those drawn in the first draft.

The local board has been too busy examining those called in the first draft to pass on exemptions as to dependents, etc. This will be done later.

Below are the names of all those examined as we go to press, and the following have passed the physical examination and claim exemption on various grounds:

Lennis J. Brown
Charlie A. Hoover
Shelby Willie Lee
Owen Renfrow
Lee Stevens
Grayson Frederick Lashbrook
Ed Robinson
Elbert Hill
Robert Clayton Burgess
J. W. Chapman

COMMISSIONS

**Given Three Ohio County Boys—
Two From Hartford and
One From Beaver Dam.**

Three Ohio county boys have been given commissions from the Officers' Training Camp at Ft. Benjamin Harrison, Indiana.

The boys getting these commissions are Gilmore Keown and Lum Igleheart, of Hartford, Second Lieutenants in the infantry, and John L. Lallinger, Beaver Dam, Captain in the infantry.

The many friends of these young men are glad to learn that they passed in the Indiana training school, and that they received appointments to these responsible positions in the army.

Capt. James M. DeWeese, formerly Captain of Company H, 3d Ky. Inf., was also awarded a commission with the rank of captain. He has been residing in Louisville recently.

LACK OF WANDERLUST GIVES HIM DISTINCTION

Cheyenne, Wyo.—Among the notable pioneers at Cheyenne's Golden Jubilee and Frontier Days celebration is Buck Greatrix, of Atlantic City, Wyo. Greatrix in 1868 settled in Carter county, Dakota Territory. In 1869 the Territory of Wyoming was created and Atlantic City was included in the subdivision called Sweetwater county. In 1884 the county of Fremont was created from the northern part of Sweetwater county and Atlantic City was included in the new county. Finally, in 1899, Wyoming was admitted to Statehood and Greatrix then achieved the distinction of having lived in two territories and one State and three counties and yet never to have moved his domicile.

LAWN PARTY.

Misses Vera and Tina Midkiff entertained quite a number of their young friends Friday night. Delightful refreshments were served and an enjoyable evening was spent by all present. The following were in attendance: Misses Louise Maddox, Margaret King, Gertrude Schlemmer, Mary Warren Collins, Martha Pate, Kennedy Collins, Gladys Bennett, Alma Baughn, Iva Gibson, Gladys T. Bennett, Rose Ethelyne Collins, Ambie Ford, Gola Bennett, Lulene Bennett, Thelma Bennett, Zula Mae Howard, Iva Coffman, Tina Midkiff, Vera Midkiff, Messrs. Rosal Lake, Dante Bennett, Herman Park, Raymond Felix, Hobart Tinsley, John Ross Taylor, Rosal Park, Blanton Ellis, Eugene Allen, Robert Sidney Walker, Virgil Crowe, Irvin Smith, Marshall McKinney, Hobart Baughn, Edward Ford, Alvie Kirk, John Allen Wilson, Arnold Felix, Paul Her, John Moore, Bonner Moore, Ellis King, Louis Gray Brown, Eudemah Rhoads, Douglas Williams, Myrvel Rhoads.

BEN D. RINGO

**Seriously Considering Race For
Appellate Judgeship In
This District.**

Many of the friends of Hon. Ben D. Ringo, of Owensboro, are requesting him to enter the race for the Democratic nomination for Judge of the Court of Appeals of this District, and we are advised that Mr. Ringo is seriously considering the matter.

The primary to nominate a candidate for this office is about a year off and it is gratifying to the friends of Mr. Ringo that his name is being so favorably mentioned this early.

Ohio county would delight in his candidacy for this important office, well knowing that he is in every way qualified.

Mr. Ringo spent the better part of his life here and while he moved to Owensboro some ten or twelve years ago, he has spent almost half of his time since in Ohio county practicing at the Ohio county bar.

Mr. Ringo was Commonwealth's Attorney for this Circuit Court District for twelve years and made an exceptionally fine record. As a lawyer, he stands at the top not only in this Judicial District but in Western Kentucky. In 1892 he married Miss Emma Rine, of Logan county, and has many relatives and friends in that country who will be glad of a chance to honor him with their vote.

When Mr. Ringo's qualification, his wide acquaintance in Davies, Ohio, McLean and Hancock that he served so well as Commonwealth's Attorney, and his many friends scattered throughout this Appellate District are considered, it will be conceded that he would make an exceptionally strong candidate to succeed Judge Warner E. Settle, who has served sixteen years as Judge of the Court of Appeals. OHIO COUNTY RISES TO NOMINATE BEN D. RINGO AS JUDGE OF THE KENTUCKY COURT OF APPEALS.

MAMMOTH TOMATOES.

Mr. E. T. Williams, who lives near the river on Main street, presented the editor yesterday with two of the largest tomatoes that we have ever seen. The combined weight of the two is a little more than two and one-half pounds—one weighing just a fraction over one and one-quarter pounds and the other just a little less. They are sound, perfectly shaped, and Mr. Williams thinks they are of the ponderosa variety.

"UNCLE SAM" HIS ONLY DEPENDENT.

Maysville, Ky.—The Mason County Board of Examiners examined thirty-two men Saturday. Twenty-nine of these passed the examination. W. E. Foley, when asked if he had any one dependent on him said: "No, only my Uncle Sam."

OHIO COUNTY BOYS

**Called to Next Camp of Officers'
Reserve Corps—490 Called
From Kentucky.**

The mails of Friday morning carried notice to 490 young Kentuckians that they had been accepted for training at the second camp of the Officers' Reserve Corps, at Ft. Benj. Harrison.

Of the 490 Kentucky men ordered to the camp August 27, five are boys from Ohio county, whose names appear below:

Marshall H. Burton, Centertown.
Jesse E. Canary, Fordsville.
Royce M. Igleheart, Hartford.
E. S. Orr, Fordsville.
F. T. Shultz, Narrows.

STRIKE MOVEMENT IN EAST TENNESSEE GROWS

Lexington, Ky.—Reports reaching here from Pineville, Ky., state that the strike movement among the miners of Southeastern Kentucky and Northeastern Tennessee is rapidly growing.

The dispatches from that section say that after fruitless efforts made during last night and today to induce the coal operators to enter negotiations, District No. 19, United Mine Workers of America, had voted to strike. Reports said that if the order is adhered to in its entirety 25,000 men will be in strike throughout the district by Saturday night. It was also stated that a number of the larger mine operators had issued notices that they will shut down their plants rather than recognize the United Mine Workers of America. The notices stated that as a basis for contentions they claim the miners in this field now receive the highest wages in the history of the field, wages in some instances having been increased 50 per cent.

The United Miners are demanding recognition of the union and a new wage scale.

BRANCH ESTABLISHED

American Co-Operative Association to Start Business at Once.

Mr. Seymour Cohn, who has been securing subscriptions for stock for the branch of the American Co-Operative Association to be located in Hartford, has secured the minimum amount—\$15,000—and Mr. A. F. Burns, one of the head officers from the headquarters at Wausaw, Wis., arrived Monday of this week in Hartford and will proceed at once to make arrangements to start the business going.

Mr. Cohn will go right on securing subscriptions for stock, as they aim to make the branch here in Ohio county one of the biggest in the Association, and Ohio county has the soil, the crops and the farmers to do it.

ALLIES ADVANCE

LINE IN FLANDERS

**British Take Positions East of
Hooge; French Gain Near
Bixschote.**

New York, Aug. 11.—Both the British and French armies facing the Germans in Flanders have again struck hard blows at their antagonists and have been rewarded with further gains in the line of Crown Prince Rupprecht, of Bavaria. While the fighting has occurred only on isolated sectors, it seems evident that the heavy artillery duels in progress all along the front from Nieuport to the Franco-Belgian border are the forerunners of a resumption of the big allied offensive which the rain and the accompanying mire stopped almost at its inception more than a week ago.

Driving eastward from the sector of Ypres in the early dawn of Friday, Field Marshall Haig's men took for their own all the German first line positions east of Hooge between Frezenberg and the Ypres-Menin Road, including the village of Westhoek, and held them in their entirety, notwithstanding the usual counterattacks launched by the Germans under an extremely heavy barrage fire.

To the north near Bixschote and Langwarck, the French troops have captured several farms held by the Germans and also have taken a number of machine guns from them. While these gains are characterized as "slight," they nevertheless are another forward step eastward toward the Ostend-Lille railroad, toward which the British drive from Hooge also is pointed.

Shelling Intense.

The Canadians lying in their trenches at the doorstep of Lens and the British forces holding trenches south of the famous Vimy ridge, are coming in for intensive shelling from the Germans.

On the long-neglected front near St. Quentin the Germans have delivered a surprise attack of considerable proportions, but were unsuccessful in gaining ground anywhere except at several weak points in the center of the French line. Otherwise the fire of Gen. Petain's men put down the sally, inflicting considerable casualties on the Germans.

Likewise along the Aisne front the Germans have delivered onslaughts against the French, but here also they met with the same result that has marked the previous attempts of the German Crown Prince to pierce the French line—defeat. At several points the Germans managed to make their way into isolated trenches but they met death later in hand-to-hand fighting or were captured.

ESCAPED MURDERER RETURNS TO JAIL

**Desire to Eat Meal Cooked by His
Mother Induced Him to
Leave.**

Georgetown, Ky.—Charles Douthitt, who is sentenced to be electrocuted for the murder of Vernon Sims and who broke jail here Tuesday night after struggling with the jailer, Zack Lusy, gave himself up.

Calling up the Sheriff Douthitt said that he was at the home of his parents at Paines Depot, and was ready to return to the jail. He said that he had not intended going away, but merely wanted to spend a few hours with his parents and enjoy one more meal which his mother had cooked before he died. He said he slept in a strawstack until 9 o'clock and then started for home, arriving about noon. No trace of the other two escaped negroes has been found.

NEXT AMERICAN TROOPS TO GO TO AID OF RUSSIA

Prediction is Made in Speech in Senate by Lewis, of Illinois.

Washington.—Predictions that the next American troops to go abroad will be sent to strengthen the Russian lines was made in the Senate by Senator Lewis, of Illinois.

"The next legions of our men to go forth," said he, "will be to Russia to support the loyal Russian armies now fighting under the principles of our making. To these shattered but struggling people we must go forth with food and supplies, and also with our men."

POISONED BANDAGES MADE BY WOMAN

Suspected of Being German Spy
At Indianapolis—Arrest
Follows.

A letter just received by Mrs. W. F. Stirman, of this city, from her sister, Mrs. William Howe, who formerly lived here, but who now resides in Indianapolis, tells of an unusual experience which the latter had recently while acting as supervisor for the gauze work at the Red Cross work rooms in Indianapolis when a strange woman came in and asked to be allowed to make some of the three yard rolls.

The request was granted and the woman was given some gauze with which to make the rolls. She worked all day doing nothing that would arouse suspicion. No one knew the worker and nothing was thought of her calling until Mrs. Howe had gone home that night. When she began to ponder over the work done she felt impressed to make an investigation and on making an examination the next morning found that a white powder had been scattered through the folds. When examined by a chemist this was found to be a deadly poison. The facts were reported to the officials and the woman was arrested as she was preparing to leave the city and she is now being held as a German spy.

These facts were related by Mrs. Stirman to the ladies on duty at the Owensboro Red Cross headquarters Tuesday morning.—Owensboro Messenger.

COAL TEAMSTERS STRIKE IN HANCOCK COUNTY

Mines Which Are Off Railroad Experience Difficulty in Hauling Product.

Hawesville, Ky.—Forty teamsters went on a strike here when an increase of 1 cent per bushel on coal was refused them by the coal operators.

The coal mines are located four miles south of here, and the coal is hauled in wagons and loaded on the cars at this place. The present price for hauling is 4 cents per bushel, but the teamsters say there is no money in hauling at this price at the present price of feed, and therefore ask an increase of 1 cent per bushel.

One mine is running a motor truck day and night in order to get the coal loaded. The present price of coal here is 12 cents per bushel.

YES, SIR!

Fordsville, Ky.

Sometimes poison ivy can be exterminated by pouring sulphuric acid or strong brine around the base of the cut stem.

DOLLAR A MILE FOR TRANSATLANTIC JOURNEY IN AIRPLANE IS PREDICTED BY G. HOLT THOMAS

London.—A transatlantic line of airplanes carrying passengers between New York and London in two days, at a total cost of about \$1 a mile, was predicted by G. Holt Thomas in an address which he delivered before the Aeronautical Society of Great Britain.

To complete the rosy forecast, prophetic films were displayed showing the departure and voyage of a transatlantic airplane and also the dropping of mail pouches at postal air stations between London and the north of England.

Mr. Thomas, who has had large experience in flying and building airplanes, said that airplane mail service could be established commercially. "A special airplane will enable the business man to leave London in the morning, transact his business in Paris, and be home to dinner again," he said. "It will take him to Bagdad in a day and a half or New York in two days."

The cost from London to Paris, he added, would be just over a dollar per mile running one machine each

DOES DRINK AFFECT BUSINESS?

A few days ago a gentleman in conversation with the head of an Ohio industry which employs 4,000 men asked to what extent drink affects the men. The president replied that he did not know, but would call in his efficiency superintendent.

"Does drink affect the efficiency of our men?" was asked the efficiency man.

"Yes, sir."

"To what extent?"

"At least 5 per cent."

"That means, then," said the president, "that every day we lose the labor of 200 men because of drink."

"That is the minimum loss," said the efficiency expert.

"Our lowest wage in this plant is \$3 a day," continued the head of the concern. "We are losing through drink on the part of our men at least \$600 every day the plant is in operation. That is not good business."

UNDER TWO FLAGS

Serbia Who First Entered Austrian Army Now Fighting With Entente.

Corfu, Island of Corfu, (By Mail.)—There are two whole Serbian divisions—40,000 men—which entered the war under the Austrian flag fighting against the entente allies, and which today have turned squarely around and are fighting under the entente colors against the central powers. This fighting under two flags is one of the queer romances of the big war, related by Prof. Yanitch, private chaplain of King Peter of Serbia, as illustrating how the conglomerate Slav population of Southern Austria-Hungary is ready to break away from the Hapsburg master.

KENTUCKY FAIR DATES

Ohio County Fair, Sept. 26-29.
Hartford, Ky.

Allen—Allen County Fair Company, Scottsville, September 13-15.

Anderson—Lawrenceburg Fair Association, Lawrenceburg, August 21-24.

Boone—North Kentucky Fair, Florence, August 29-31, September 1.

Boyle—New Perryville Fair Association, Perryville, August 8-10.

Bracken—Mason—Old Reliable Germantown Fair, Germantown, August 22-25.

Bullitt—Bullitt County Fair Association, Shepherdsville, August 21-24.

Campbell—Campbell County Fair Association, Alexandria, September 5-8.

Carroll—Gallatin—Owen—Tri-County Fair Association, Sanders, August 15-18.

Christian—Pennyroyal Fair Association, Hopkinsville, August 28-31, Sept. 1.

Fleming—Ewing Fair Company, Ewing, August 16-18.

Franklin—Capital Fair Association, Frankfort, August 14-17.

Hardin—Hardin County Fair Company, Elizabethtown, August 28-30.

Jefferson—Jefferson County Fair, Fern Creek, August 14-17.

Kentucky State Fair, Louisville, September 10-15; Fount T. Kremer, Secretary.

By GOLDMAN

SOLDIERS TO SEE THAT LETTERS REACH HOME

They Not Only Will Expedite Personal Messages, But Will Write Them.

Washington.—A plan to enable friends and relatives of soldiers in France to get information as to their welfare as promptly as possible has been prepared by the Adjutant General's office. Collecting this data will require for an army of a million men about 1,200 officers, enlisted men, and field clerks, who will be organized and stationed down through general divisional and regimental headquarters and with each organization unit of the forces in France.

The service will also extend into the field and base hospitals, to ports of embarkation, and to the camps in this country where the troops are mobilized and trained. Special training is to be given to fit individuals for this work.

"No system we can devise and operate, unless we used direct cable from France, will get information to friends and relatives of soldiers in France as quickly as a soldier can himself dispatch it by ordinary mail," said Adj. Gen. McCain in explaining the plan. "The plan we are working out is an extension of the statistical work of this office. It should be understood that it is statistical work performed by a statistical organization, and that some time is inevitably consumed in getting information through the channels of the organization."

Will Write For Men.

"We shall include in the plan the destination of individuals in hospitals to write post cards and letters for soldiers who cannot do so themselves. This will enable every soldier to get word to friends and relatives 'back home' as quickly as possible without cabling."

While the Adjutant General's Department has always maintained complete lists of all officers and enlisted men in the service, it has never been necessary, because of the statistical division in the Adjutant General's office charged with the work of keeping in close touch with all the men so that information as to the health, safety and welfare of individuals might be communicated without delay to their relatives. A special section, known as the Statistical Division, has now been created and assigned to this work made necessary by the great increase in the size of the army.

Officers for this work will be selected, as are other officers for the national army, from men from the various officers' training camps commissioned in the national army and assigned to the Adjutant General's office.

RYE IN THE SOUTH

Largely Increased Acreage Urged to Take the Place of Oats, Crimson Clover, and Vetch.

A large increase in the acreage of rye should take place in the cotton belt this year, the United States Department of Agriculture advises. There are many good reasons for this recommendation. Rye will succeed on the sandy lands of the coastal plains where wheat is not adapted. It requires less fertilizer than wheat. It is more hardy than oats. Because of the heavy winter-killing of oats last winter there will not be sufficient seed in many localities for the usual oat crop. Under this condition rye should be sown in place of oats. Rye should be used to considerable extent this year to replace the leguminous winter cover crops, especially crimson clover and hairy vetch, the seed of which is very high in price at this time. Rye also will furnish a bread grain in localities where wheat can not be grown which by the installation of small mills can be utilized for food in various communities.

WINTER OATS FOR FALL SEEDING

The committee on seed stocks of the United States Department of Agriculture has compiled a list of coun-

ty agents in the South in whose counties there is a surplus of oats suitable for fall seeding. This list is divided into three sections: (1) Counties where the agents actually report surpluses; (2) counties from which no reports have been received, but which are believed to have stocks in excess of local needs; (3) counties in Texas where there are considerable surpluses of red rustproof oats from spring seeding. These Texas rustproof oats are not generally recommended for fall seeding in the South, but may be used in Louisiana, Florida and Southern Mississippi, Alabama and Georgia if stocks grown from fall seeding are not available. The list will be supplied on request.

SPECIAL METHODS

To Increase Yields of Wheat and Rye.

Specialists of the Department of Agriculture and the State Agricultural College hope that by better methods the average yield per acre will be at least maintained wherever there is a fertilizer shortage and will be increased in other sections. Much educational work will be done to make this desire an actuality, and in this campaign the most successful growers will have a prominent part. For instance, it is stated that on the land that could be sown in fall wheat this autumn, it is possible materially to increase the yield per acre by putting into practice some principles that are already well known to most farmers. These should appeal especially to those who cannot increase their usual acreage without doing injustice to other crops which should be grown.

These principles may be summed up as follows:

- (1) Plow early. Give the plowed land two months to settle before sowing where possible.
- (2) Compact the late-plowed land with roller and harrow.
- (3) Don't plow after a cultivated crop. Prepare such land with disc and harrow.
- (4) Make the seed bed a fit place for the seed.
- (5) Sow with a drill, sound, plump, clean seed of adapted variety.
- (6) Prevent losses from smut by treating infected seed with formaldehyde.
- (7) Make the soil fertile with manure or fertilizers applied judiciously where needed.
- (8) Reduce winter killing by following the above suggestions.

Tremendous Effort and Co-Operation Necessary.

The accomplishment of this great increase of wheat and rye acreage without disrupting correct farming practice will call for tremendous effort on the part of farmers. However, the U. S. Department of Agriculture, the State Colleges of Agriculture, and other State and local agencies are planning to aid in every way possible.

SAVE WINTER RYE FOR SEED

Farmers in the southeastern States who have winter rye are urged by the United States Department of Agriculture to thresh it and to save it for seed. Because of the general failure of the winter oat crop in this section this year and the shortage and high prices of vetch and crimson clover, it is probable that there will be much more than the usual demand for rye for use as a winter grain, cover, and green-manure crop. Northern varieties are not suitable for sowing in the South and the acreage of rye in the southeastern States is small, so that the available supply of suitable varieties is limited. Good use can be made of every available bushel of this crop grown there this year.

NEW EXEMPTION EXCUSE.

Boston.—Francis Outmet, former national and international golf champion and now holder of the Western championship, passed his examination for the army Tuesday. He claimed exemption, however, on account of playing for the Red Cross fund.

Editor Hartford Herald, Dear Sir:—Please find enclosed check for \$1.00 for which send me the Hartford Herald beginning with this week's issue. Respectfully yours,
L. C. SMITH,
Roanoke, La.

CALL TO COLORS FOR NEW ARMY ISSUED

One-Third of 697,000 Men Will Be Promptly Sent Into Training.

Washington.—Governors of the various States have received notice from Provost Marshal General Crowder that the first one-third of the quota of 687,000 men drafted for service in the national army will be called to the colors September 1 and sent to training cantonments before September 5.

More than 200,000 will be called into service in the first increment, bringing the country's total military forces up to one million men. The Provost Marshal's instructions to Governors urged that they make certain that the first quota be ready on time.

Exemption boards were instructed to deny immunity to all married registrants in cases where the parents or other relatives of the wife volunteer to assume her support during his absence.

Regulations governing the actual mobilization of the national army are ready for release. It is hoped by draft officials that every contingency arising in assembling America's fighting men will be provided for in these directions.

WHAT FOOD BILL IS.

Washington.—Here are some of the outstanding features of the food control bill, finally passed by the Senate and which only awaits President Wilson's signature to become a law:

Government control of foods, feeds, fuels, fertilizer and tools, implements and equipment used in food production.

A one-man food administration. Drastic penalties against hoarding and speculation.

A licensing system giving the President complete power over dealers in necessities.

Enormous requisitioning powers for the President in obtaining war supplies.

Presidential authority to close exchanges and boards of trade if necessary to stop speculation in necessities.

Presidential authority to buy and sell wheat, flour, meats, beans and potatoes at reasonable prices.

A guarantee of \$2 a bushel as the minimum price for No. 1 northern wheat at the primary interior markets until May 1, 1919.

Prohibition against the use of foods in whisky making and authority to the President, if he sees fit, to impose similar prohibition on beer and wine-making.

Presidential authority to commandeer distilled spirits in stock and bond for redistillation for war purposes.

An appropriation of \$10,000,000 to enable the President to buy and sell fertilizer to farmers.

An appropriation of \$152,000,000 to enable the food administrator to carry out the purposes of the bill.

ALBANY MAN SLAIN.

Found in Wagon With Neck Broken and Skull Crushed.

Albany, Ky.—James Crouch, forty-five years of age, a farmer of Harlan, Tenn., was found dead in his wagon with his neck broken and head crushed. It is said the killing occurred at a road house and after being murdered his body was placed in the wagon and drawn some distance from the scene of the tragedy into a gully. Six men have been arrested.

RECALLED BY CARROLL

Dr. Ganfield of Centre College, Wanted by Waukesha School.

Danville, Ky.—Dr. W. A. Ganfield, president of Centre College, may be chosen as head of Carroll College in Waukesha, Wis., to succeed Dr. W. O. Carter, who resigned last week. Dr. Ganfield appeared before a meeting of the Board of Trustees there. Dr. Ganfield was a former member of the Carroll faculty. He was prominent in municipal affairs in Waukesha and popular with students.

GLASS JARS PLENTIFUL

Enough to Take Care of Season's Perishable Products.

Washington.—Reports reaching the Department of Agriculture indicate that there will be enough glass jars, new and old together, to care for the bulk of the season's perishable fruits and vegetables.

Manufacturers state that of one type of jar alone 900,000 gross have been distributed. The manufacturing capacity for this type is approximately 6,000 gross per day, or \$5,000,000 jars during the next 100 days.

Manufacturers of other types of glass containers are prepared, it is stated, to turn out many thousands gross a day.

The new jars, it is estimated, will enable housewives to put up over 2,000,000 pecks of beans, corn, peas, tomatoes, peaches, plums, pears and apples.

These figures do not take into account the great quantities of jars in stores and on housewives' shelves.

OHIO COUNTAINS IN GRAYSON.

Mrs. Bettie Leach, dressmaker at W. T. Bond's, left Monday for Beaver Dam, to spend her usual summer vacation.

Miss Jessie Cummings, of Leitchfield, and Miss Bess Alford, of Beaver Dam, are guests of Miss Nancy Jones this week.

Walter Greep will fill the pulpit at the Union church Thursday and Friday nights before the second Sunday. He is coming in his father's place, who left August 4th for Martinsville, Ind., to take treatment for his health.—Caneyville News.

LET COUNTY AGENTS

KNOW YOUR NEEDS

Farmers in the southeastern States who have rye of good quality should inform their county agents as to the variety they are growing and the quantity and price of the seed they have. This information may also be given to the director of the State experiment station or to R. A. Oakley, chairman of the committee on seed stocks, United States Department of Agriculture, Washington, D. C.

Inquiries regarding seed may also be addressed to the station directors or to the United States Department of Agriculture.

Madisonville, Ky.—Will E. Wooten, fifty-four, dropped dead at his home here of heart trouble. He was postmaster of Madisonville and had just returned from the office. He is survived by his wife and one daughter.

CATARRHAL DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

"Work-shop pains" and their quick relief

The constant strain of factory work very often results in Headaches, Backaches and other Aches, and also weakens the Nerves.

DR. MILES' ANTI-PAIN PILLS will quickly relieve the Nerves, or Pain, while

Dr. Miles' Heart Treatment is very helpful when the Heart is overtaxed.

IF FIRST BOX, OR BOTTLE, FAILS TO BENEFIT YOU, YOUR MONEY WILL BE REFUNDED.

SEVERE PAIN.

"I used to suffer a great deal with lumbago in my shoulders and back. A friend induced me to try Dr. Miles' Anti-Pain Pills and I am only too glad to be able to attest to the relief that I got from these splendid pills. They form a valuable medicine and do all that it is claimed they will do."

MANUFACTURING OPTOMETRIST AND JEWELER

Our Optical Department

Is the most complete and best equipped in the State of Kentucky. We actually grind our own Glasses here in our shop from the rough glass. No sending away.

You can look before you buy, but don't buy before you look

We can examine your eyes and grind the Glasses the same day. No dangerous drops used in our method of examining the eyes. We use the most modern, most scientific method used in our profession.

BEWARE OF THE SPECTACLE PEDDLER who travels from town to town or the fellow who offers to sell you \$5.00 Glasses for \$1.00. He who claims to sell \$5.00 Glasses for \$1.00 is either a fool or a fakir. DON'T BE DECEIVED. Come in and see our Specialists. If you do not need Glasses he will frankly tell you so.

See our New Deep Curve Lenses. If you are wearing the old flat lenses we can duplicate them into this new lens at a very little cost. Do you need new frames, new nose piece?

Broken Lenses can be duplicated here in a few hours, often while you wait. Come in and let us show you "HOW GOOD GLASSES ARE MADE." Seeing is believing.

Watch and Jewelry Repairing of the very highest order. Special Jewelry and Monogram work given Particular Attention. The Best Equipped Optical Plants in Western Kentucky. We do all our own work in this line and guarantee a PERFECT FIT.

A valuable Watch should be entrusted only to those who, by experience and a definite, practical knowledge, are competent, and know how to intelligently Repair it. Our skilled workmen know.

TRUST THE PEOPLE.

By a vote of six to two the Fiscal Court disapproved the county unit principle in dealing with the stock law proposition; and by refusing to allow the vote taken in the county as a whole a majority of the members express their fear of the result, or unwillingness to let the people say just what they want. Whatever may have been the cause that prompted these six gentlemen in denying a submission of the question to the voters we do not believe it sufficient to overthrow the time-honored doctrine of local self government. The people can safely be trusted with the solution of such governmental problems and we are always willing to accept their verdict when freely expressed on any question fairly submitted.

As to whether or not cattle should be allowed to run at large is a question on which the citizens are naturally divided, and it is not our purpose in this instance to discuss the merits or demerits of one side or the other but simply to express our approval of those who, acting in a representative capacity, vote at all times to submit to the people any question upon which a vote is demanded.

The law is that upon the filing of a petition with a certain number of citizens' names signed thereto the County Court shall call an election to determine whether or not cattle shall run at large, but it provides that before this order is made the Fiscal Court shall, by order, direct whether the vote shall be taken by precinct, magisterial district or county. The demand in this case was for a submission to the voters of the whole county, and six of the Magistrates registered their votes against the proposition.

It is only fair to state that the votes cast by these Magistrates either for or against submission do not necessarily indicate their personal views as to the wisdom of restraining stock from running at large, nor should their views control them to any extent on the question of submission. In the absence of any evidence to the contrary, it is presumed the officials expressed what they believed to be the wishes of their constituents, but in our judgment no representative can be justly criticized in expressing his willingness to refer all such questions to the ballot in the proper manner. If the majority make a mistake the responsibility is theirs and not that of the official who is given a voice allowing or denying a popular expression of the electorate of the territory involved. Let the people speak and then gracefully abide by the result.

A COSTLY CHANGE.

Those who opposed the amendment to the State Constitution which permits convicts to be worked outside the prison walls were classed as "mossbacks" and obstructionists, and those only who clamored for State labor on public roads were credited with being progressive. We respectfully refer to a recent report of the State Examiner and Inspector for proof that the new plan of employing convicts by county authorities is not

only very expensive to the county but yields nothing to the State.

In a State like Kentucky where weather conditions do not permit outside work for more than one half the year, making it necessary to prepare for using prisoners both inside and outside the penitentiary, convict labor on public roads will always be found a costly experiment. The itching desire to try something new has in several instances added to the burdens of the taxpayers.

Reforms are often necessary in any government, but they should be brought about after careful study of the conditions sought to be improved. Change simply for the sake of instituting something new is a risky business.

Several of our fellow pencil pushers over the State were candidates in the recent primary for various offices, and quite a few of them were defeated, but there is one of our particular friends whose name appears at the masthead of a Kentucky newspaper that "came under the wire" a winner. We refer to Wm. Henderson, one of the editors of the Wickliffe Yeoman, of Wickliffe, Ballard county. Mr. Henderson won out in a four-horse race for County Judge by a majority of 36 votes over his nearest opponent, Judge S. J. Moore, the incumbent. Considering the fact that Mr. Henderson was twice elected Circuit Clerk in that county, and that he was a prominent figure in the fight to retain the county seat at Wickliffe when La Center was using all her energies to have it moved to that city—naturally making some enemies, and the fact that he beat a man in Judge Moore who every one concedes to be the hardest man in Ballard to win over, is evidence of his popularity and that he is still a factor in politics down in Ballard. Congratulations, old boy!

How many Ohio county farmers intend raising a sucker crop of tobacco this year? We are not posing as authority on this sucker crop, but it appears to us that it could be made to pay. In other words, the sucker crop would be entirely velvet to the farmers, with no labor incident to the raising of it except the harvesting and curing of same. One large tobacco buying concern in West Kentucky advises turning out from one to three suckers to each hM. We believe our farmer friends will be surprised at the yield derived from so small amount of labor. This is a Graves county firm that is advising growers to turn out the sucker crop and says that it should be worth \$500,000 to them. If the sucker crop is worth that much to the farmers in Graves, the same crop should be worth just as much in proportion to the growers in Ohio county. It might not be a bad try!

Robert Parnemann, Mayor of Lyons, a Chicago suburb, is also a saloonkeeper. He had been defying his own order to close the saloons. He wrote himself letters of warning that he would have himself arrested if he did not close his saloon, etc. This reads as if the Mayor was full of the stuff dispensed by his drink emporium, as it makes men do just such crazy things.

Every Democratic candidate should be present at the meeting of the County Committee next Saturday. The selection of a chairman and other members of the Campaign Committee is the next important step in perfecting an organization for the coming election that means so much to the citizens of this county. Get together and select the best men possible to conduct the campaign.

Now we know why the price of old iron and junk have jumped skyward in price. A Copenhagen dispatch says that 2,219,000 iron crosses have been awarded to soldiers and others in Germany since the beginning of the war. Many of the crosses were awarded to those of the "swivel chair" variety who never smelled powder.

Three hundred and fourteen were drawn in the first draft from Ohio county in order to secure our quota of 157 men for the U. S. Army. Judging from the number who claim exemptions, and if anything like near all of them are given exemption buttons, there will have to be a second, third or maybe a fourth call in order to get the 157.

The Mayfield Messenger says "that a beautiful girl baby was born this week to Mr. and Mrs. —." Sikes alive, Clay—how can you tell one baby from another? They are all beautiful to us if red fucus and pink toes are what you term "beautiful."

"J. W. Green dropped in home this morning from the north," says the Mayfield Messenger. Yep, we heard the rumble clear up here—either the noise from the drop or what happened after the drop.

It is rather remarkable the number of men who seem so anxious that their divorced wives be not de-

prived of their alimony fees by them having to go to war. Many of them are using this as an excuse for exemption.

Thirty-three people, including nine women and six children were killed by bombs dropped from German airplanes forty miles south of London Saturday. And they call this murdering of innocent women and children warfare. If it be warfare, let's all do some hard praying for peace.

The Selective Draft has at least decreased the number of charges in our courts against fellows for deserting dependents.

Sometimes one has to read "between the lines," to get the real meaning of things. Verbum sat?

TWIN MULES.

Mr. J. T. Wedding, of Adaburg, was in town Monday, he having come to town with his boy, Alphons, who came before the local exemption board.

The mare which Mr. Wedding rode to town fealed twin mules about the 28th of April, and the pair of young, "long ears" are about as large as if the mare had brought only one colt. This is the first time we have ever had the pleasure of seeing twin colts following a mare.

AMPUTATION

Of Foot Necessary After Being
Run Over By Mine
Mortor.

(Simmons Special.)

Aug. 13.—Mr. Will Elder, an employee of the Broadway Coal Mining Co., was run over by the motor Saturday afternoon about 1 o'clock. His feet were crushed and one of them was amputated just above the ankle. The other one was crushed so badly that it will probably have to be amputated later.

The particulars of the accident could not be ascertained as Mr. Elder was by himself and the motorman did not see him until after he was run over. Although he was sent to this place on the main entry to clean some coal off the road, it is thought that he heard the motor coming and intended to work until it was close to him and then step aside for it pass, and in raising up touched the trolley wire and knocked him down and he failed to get his feet off the track.

The accident was a great shock to the camp here as he was considered one of the best employees of the company. He is 33 years old and has a family. He is a member of Chestnut Camp No. 393 W. O. W. at this place.

FISCAL COURT

Refuses to Permit County Stock
Election.

While in session last week the Fiscal Court had presented a petition signed by John Boone and 118 other citizens of Ohio county for an order permitting an election in the entire county upon the question, "Whether cattle generally or any species thereof shall be permitted to run at large." The court refused to make the order or allow the election to be held.

Esquires S. L. Fulkerson and Ben W. Taylor voted for it and Esqrs. S. W. Leach, Winson Smith, R. C. Tichenor, Ed. Shown, B. F. Rice and W. S. Dean voted against it.

TWO GERMANS HELD AS
INDIAN PLOT WITNESSES

Former Attaches of Chicago Consulate Are Held by Authorities.

Chicago.—Two former attaches of the German consulate here who became attaches of the Swiss consulate after the declaration of war, were arrested by Federal agents and will be held as witnesses against Chicagoans accused of conspiracy to foment a revolution in India.

The men arrested are Herman Neidinger and Richard Kulke. They are said to have important knowledge concerning the alleged connection of Kurt von Reizwitz, former assistant German consul in Chicago, with the Indian plot.

THROGS ATTENDED
FARMERS' CHAUTAUQUA

At Matanzas August 6, 7, and 8—
Great Success In Every
Way.

Through untiring efforts of County Agent W. W. Browder, and the progressive farmers of that community, the Chautauqua held at Matanzas August 6, 7 and 8, was a success in every way.

The entire meeting of three days was attended by large and enthusiastic audiences, which were highly entertained by instructive addresses by speakers of the Extension Work of the State Agricultural Department.

Hon. A. B. Tichenor acted as chairman in most satisfactory manner to all concerned, and true Kentucky hospitality was never better shown than was manifested by the entire citizenship of the Matanzas community.

The barbecued dinner, prepared under the supervision of Mr. Chester Lindley, was "tip-top" and the music—both vocal and instrumental—under the direction of Mr. E. A. Carter, was splendid.

At the close on Wednesday afternoon the following resolutions were introduced by Supt. Ozna Shults and adopted by a rising and unanimous vote:

Realizing the benefit and pleasure that we have gotten from this Farmers' Chautauqua and also realizing the lasting good that it will be to the people of this county in a thousand and more ways. In better roads, better schools, better homes, better live stock, more corn, hay, potatoes, clover, fruits, etc., and a greatly aroused interest and public sentiment for all that it takes to make a greater Ohio county and aid materially in making a greater Kentucky, we therefore feeling that we voice the sentiment of all who have had the pleasure of attending any of these meetings wish to offer the following resolutions:

Resolved, 1st. That we offer a unanimous vote of thanks to these splendid speakers, both at home and from abroad, who have brought us such inspiring messages of cheer, of encouragement and good will.

Resolved, 2d. That we extend to Miss Goldname our sincere thanks for her useful and scientific demonstrations of drying and canning fruits, vegetables, etc., thereby aiding very materially in making conditions better in our homes and on the table.

Resolved, 3d. That we deeply appreciate the splendid music, both vocal and instrumental and extend our sincere thanks to all who have assisted in any way in making that part of the program a complete success.

Resolved, 4th. That we thank and congratulate the different committees and the community who have worked together so harmoniously and untiringly in their efforts to entertain the people and make the Chautauqua a success in every way and who have succeeded so well even beyond the expectations of the most enthusiastic or optimistic.

Resolved, 5th. That it is the unanimous sentiment of this gathering that when we adjourn this evening we leave here firmly resolved to hold another and if possible a greater Chautauqua in 1918.

Resolved, 6th. That we each and every one here assembled leave here with the firm resolve to do whatever comes within our power toward making better homes, roads, schools and churches and lend willingly service to every movement for right, righteousness and truth, and aid in every way we can toward making better homes, a better community, a better county and in the end a greater Commonwealth, leaving the final result of our labor and our efforts in the hand of Him who doeth all things well.

BAPTIST CONVENTION

Convenes in 17th Annual Session
At Narrows Today.

The Ohio County Missionary Baptist Association convenes at Narrows today for a two-day session.

Rev. R. L. Creal, of Barbourville, formerly of Beaver Dam, is moderator, and as he will not likely be present, Rev. J. T. Caseliner, of Beaver Dam, Assistant Moderator, will act in his stead.

Mr. A. M. Smith, McHenry, and Rev. Birch Shields, of Beaver Dam, are the secretaries.

The messengers from Hartford are Dr. E. W. Ford, W. M. Fair, S. A. Bratcher, Pendleton Hudson, B. S. Ellis, Claude Blankenship and R. B. Martin.

Of course there is a lot of waste in foodstuffs, but the ham bosses hardly ever overlook the sandwiches.

—Dallas News.

Groceries
That Are Pure, Fresh and Wholesome

When you buy anything of us in the grocery line you can depend upon it being the very best that money can buy. We sell groceries on as close a margin of profit as is consistent with good business, and are in position to save you money on many of your purchases.

HAD THREE TRUNKS FILLED
WITH WHISKY; FINED \$50

Paris, Ky., Aug. 12.—C. L. Rogers, of Knoxville, Tenn., who attended the Lexington Fair last week, decided to take home with him a sufficient supply of Kentucky's noted product to tide him over the remainder of the summer. He arrived in Paris over the interurban and had three large trunks transferred to the L. & N. depot, where they were checked through to Knoxville. In handling the trunks, the baggage man noted a familiar smell and notified the police. Rogers was arrested on the charge of shipping liquor not properly labeled into a dry territory. When opened the trunks were found to contain ninety-six quarts of whisky. Rogers entered a plea of guilty and was fined \$50, which he paid and left shortly after for Knoxville. The whisky was confiscated by the police.

PICNIC PARTY.

A party of Hartford people and several out-of-town visitors, enjoyed the day Sunday down Rough river, at Ford's farm, about sixteen miles from town.

Those spending the day there were: Mr. and Mrs. J. B. Tappan, Mr. and Mrs. Marvin Baird, Miss Beatrice Haynes, Miss Ruth Tichenor, Mr. Vasco Baird, Miss Gussie Bennett, Walter Parks, Morton S. King, James Ralph, Hartford; Mr. A. T. Burns, Wausaw, Wis.; Miss Ethel Davis, Owensboro; Mr. N. H. Anderson, Owensboro; Mr. S. Cohn, Milwaukee, Wis.

Richard the Hunchback.

Of all the kings of England perhaps Richard, the hunchback, has the most sinister reputation, his only rival being the crafty John. He died on Bosworth field fighting for the crown he had gained by murder. It is a matter of history as well as of Shakespeare—not always the same thing—that the tide of success turned against Richard when Lord Stanley took himself and his men from his side to that of Richmond. When hard pressed Richard cried: "I am king of England! I will not budge an inch." Then, being overwhelmed, he died, crying: "Treason! Treason!"

ADMINISTRATOR'S NOTICE.

All persons having claims against the estate of Joe Bullock, deceased, will present same to me, properly proven, on or before November 1, 1917, or be forever barred.

S. R. GODSEY,
Equality, Ky.

VILLAGES OF GALICIA.

Where Family, Cattle and Fowls All Live In Two Rooms.

The villages of Galicia are especially interesting on Sundays and holidays, when the national costumes are donned.

The cottages are generally made of stone or board plastered over and are then covered with a coat of whitewash. The straw roof is frequently crowned with green growing moss, which adds to its picturesque appearance if not to its healthfulness. Water is drawn from the wells by a long pole balanced near the center. These wells have a decided old world appearance.

The interior of the cottages is usually divided into two rooms. In one room the entire family lives, eats and sleeps; in the other, in more or less harmonious contentment, dwell the cows, pigs, chickens and geese. No household would be complete without a number of geese.

Around the cottages a number of children are sure to be seen playing. A dozen or twenty or thirty of such cottages, each separated only by a small yard, make up a village. If there is a marriageable daughter in the house the intel of the door and the window surroundings are ornamented with little irregular bands, which is a notice to the marriageable young men.—Christian Herald.

VALUE IN DEAD LETTERS.

The Loss and Trouble That Are Caused by Sheer Carelessness.

More than two and a quarter million dollars' worth of checks, drafts, money orders and other valuable papers were found in undelivered letters by the dead letter office during the last year, and practically all were restored to their owners.

The first assistant postmaster general announces that the dead letter division handled 10,839,500 letters and parcels during the year, a slight increase over the previous year. One-third of these letters and parcels, or 3,677,194, was delivered; 101,485 contained things of value without clew to their senders and were held for claimants, 7,019,436 had to be destroyed and 41,775 still are being investigated.

In addition to the valuable papers, with a face value of \$2,308,119, found in undelivered letters, many contained stamps, and some currency was found loose in the mails.

The dead mail received by the dead letter division during the year contained 677,700 misdirected letters, 115,705 unaddressed letters, 228,700 letters held for postage, 440,200 letters written on hotel letter paper by persons unknown to the hotels and 104,700 letters bearing fictitious signatures.

Army Aviation Service.

Significant, in view of the popular conception of flying as extreme daredevilry, is the record of the United States army aviation service from Jan. 1 to Dec. 31, 1916. During that period 7,087 flights were made by military pilots. In all 3,357 hours were spent in the air, which means that more than nine hours each day of the year some soldier aviator was aloft. The distance traveled amounted to approximately 251,775 miles, or slightly more than ten times the circumference of the earth. There was no fatality. Evidently these figures cannot be fairly compared with current railroad and motorcar statistics. Contrasts are not needed, however, to accent their import. Same flying is not yet accident proof and possibly never will be, but neither is it extremely foolhardy.—Searle Hendee in Popular Mechanics Magazine.

Never Unwelcome News.

Katharine—When a person already knows a thing he certainly hates having some one tell him about it. Tom—How about the girl who knows she is pretty?—Stray Stories.

Eat Their Way.

Earthworms swallow the earth which is in their way as they are making their galleries through the soil.

Temperance and labor are the two real physicians of man.

Great \$10,000 Saddle Horse Stake For 1917 Kentucky State Fair

Owners and Breeders Throughout the Country Interested In President Cohen's Ambitious Enterprise.

RICHELIEU KING, 1916.
VERMAN STRAUS & SONS' CO. CUP. LEVY BROTHERS' CUP.

Two of the array of trophies offered in the great \$10,000 five gaited saddle horse stake at the fifteenth annual Kentucky State Fair, the week of Sept. 24-30, are magnificent silver cups donated

HON. MAT S. COHEN, commissioner of agriculture and, by virtue of this office, president of the Kentucky State Fair, has secured a \$10,000 five gaited saddle horse stake for the 1917 Kentucky State Fair to be held in Louisville the week of Sept. 24-30.

Commissioner Cohen, with the unanimous endorsement and enthusiastic support of the members of the state board of agriculture, was untiring in his efforts to secure the interest and cooperation of horse owners and breeders throughout the country, and his plans were crowned with splendid success. From nearly every city of any size in the United States letters have poured in upon the commissioner endorsing his brilliant achievement and commending the vitalizing effect of such a project upon the horse interests of the country.

World Will Look to America.

The commissioner has made it known that this very motive inspired him in his efforts for this gigantic prize list, as it is his firm belief that at the close of the present disastrous and exhausting war all foreign nations will look to America for leadership in stock and horse raising and that this nation should prepare for the demand. At present he declares that the breeding operations of this country have ceased to an alarming extent and that just such inspiration as this historic unheard-of stake is necessary to arouse the horse men and breeders of the United States.

Entrance Fee Waived.

In addition to the magnitude of the prize money, the fact that any entrance fee is waived and the horse owner or breeder privileged to enter as many animals as he desires to nominate free of charge and that stable room and feeding are provided by the State Fair, without cost to the owner is certain to attract the attention of the entire horse world and to make the five gaited saddle horse events of the 1917 Kentucky State Fair the most sensational saddle horse affair of the age.

The battle royal for the \$10,000 in prizes will open Monday night, Sept. 24, with a grand prize total of \$2,500 offered the five gaited saddle stallion of any age who bears off the championship honors of America in his sex class.

BIG SHOW FOR WOMEN PLANNED FOR STATE FAIR

One of the Most Creditable Exhibits in the Entire Gigantic Display.

Busy housewives and experts in arts and crafts are taking advantage of every moment in preparation for the display to be made at the fifteenth annual Kentucky State Fair, to be held in Louisville the week of Sept. 24-30.

The woman's department is naturally the most interesting portion of the State Fair to womankind and is likewise one of the most creditable exhibitions in the entire gigantic display.

The entry list for this department will close Aug. 27, and a "hurry up call" is issued by Kentucky State Fair Secretary Fount T. Kremer, Sult 604 Republic Building, Louisville, Ky.

For catalogue or information address Fount T. Kremer, Secretary Kentucky State Fair, Sult 604 Republic Building, Louisville, Ky.

The prize money donated and set aside in this class is as follows:

How Prize Money is Divided.

One thousand dollars to the horse winning first prize, \$625 to the horse winning second prize, \$375 to the horse winning third prize and \$250 to the horse winning fourth prize. In addition to the first prize of \$1,000 the saddle stallion proving champion of the country in his class will receive a sterling silver cup, on which will be engraved "Championship of America for five gaited saddle stallion, any age," and which will be valued at \$250.

On Tuesday night of Fair week the mare division of the saddle horse stake will be shown under the same conditions and with the same amounts and divisions as in the stallion rings.

Wednesday night the exhibition of geldings will take place in identically the same manner and with the same divisions.

Saturday night the grand finale of the horse show will take place, when the four champions of America in their particular sex classes meet to compete for \$2,500 in prize money and the title of grand champion of America. The money in the grand championship event will be divided the same as in the sex classes, and, in addition, the winner will receive a sterling silver trophy known and inscribed as the "Grand Championship of America for five gaited saddle stallion, mare or gelding of any age."

Judges Carefully Picked.

Entries for these stakes will close Aug. 1, and all nominations should be sent in immediately to Fount T. Kremer, secretary of the Kentucky State Fair, Republic Building, Louisville.

Three judges will be selected to preside in these rings, the officials to be named by the State Board of Agriculture of Kentucky, the State Board of Agriculture of Missouri and the State Board of Agriculture of California. This guarantees judges of the highest integrity, ability and nation wide reputation among horsemen and officials eminently well suited to serve in the most spectacular and important horse event the world has ever known.

For catalogue or information address Fount T. Kremer, Secretary Kentucky State Fair, Sult 604 Republic Building, Louisville, Ky.

HOLSTEINS PROMINENT AT KENTUCKY STATE FAIR

Prize Money Doubled For the "Stars of the Show."

Holsteins will be one of the most prominent classes in the beef cattle department of the coming Kentucky State Fair, to be held in Louisville the week of Sept. 24-30. The prize list for this breed of efficient dairy performers has been doubled and now represents the interesting sum of \$800.

All of the classes throughout the beef cattle department have been largely increased, but the Holstein aggregation bids fair to be the "stars of the show." A model dairy in operation is promised as an adjunct to the dairy cattle exhibition, and there will be new features of scientific dairy management marking the cattle exhibit of the fifteenth annual State Fair.

For catalogue or information address Fount T. Kremer, Secretary Kentucky State Fair, Sult 604 Republic Building, Louisville, Ky.

CONVEX LENS OF THE EYE.

A Burning Glass That Adjusts the Sight to Varying Distances.

One of the manifold wonders of the human eye is the convex lens with which the focal distances of sight are made instantly and without mental effort. This lens in the eye is a literal "burning glass," as may be shown by the simplest of experiments.

Let the person at midday hold a straw against the face of the sun and focus his eyes on the straw. He can look at the straw, with its background of a dazzling sun, and without discomfort. But the moment he looks at the fiery ball of the sun itself subconsciously the lens of the eye comes to its proper focus, with the result that a "burning" sun spot appears on the retina of the eye, and it is said that a few seconds of such looking would burn out the retina as if by fire itself.

In the subconscientious adaptability of the eye lens to adapt itself to different distances lies its value to the human sight. The man with a camera adjusts the focus of his lenses by sliding them forward and back. The lenses of the human eye, by changing their curvatures, allow of one looking at fine print six inches from his nose and in a fraction of a second to look up and away, probably fifty miles to a mountain peak that in an instant is in true camera focus.—Pittsburgh Press.

NEGLECTED FOODS.

Their More Liberal Use Would Be a Help in Home Economy.

Among the foodstuffs that American housekeepers have scarcely utilized are turnip tops, radish tops, mustard plants, sorrel and chick peas among the vegetables and the cheese product that can be extracted from whey.

The greens mentioned may all be cooked like spinach or they may be made into delicious cream soups, as they have been for centuries by European housewives. Enough sorrel grows in the average vacant lot in every city to make many purées or cream soups.

Chick peas are as nutritious as beans and when served in a broth are just as tasty. They also can be made into a puree.

Radish tops and mustard leaves make a cheap and appetizing salad.

Professor Mary F. Rausch in a lecture at the University of Washington gave some hints about home economies, one of which was that foods in shallow pans cook more rapidly than in deep pans, thus saving gas. Another was that not a scrap of fat of any sort need be thrown away, but all should go into a double boiler and be tried out for use in frying or as shortening for pastry.—New York World.

When Pullmans Were New.

The real birth of the Pullman car dates from the closing days of the war between the states. In the Illinois Journal (Springfield) of May 30, 1865, is to be found the following:

"We are reminded of a prophecy which we heard some three years since—that the time was not far distant when a radical change would be introduced in the manner of constructing railroad cars; the middle would travel upon them with as much ease as though sitting in their parlors and sleep and eat on board of them with more ease and comfort than it would be possible to do on a first class steamer. We believed the words, . . . but did not think they were so near fulfillment till Friday last, when we were invited to the Chicago and Alton depot in this city to examine an improved sleeping car manufactured . . . after a design by George M. Pullman of Chicago."

Faces Over the Doors.

Those who visit Pompeii for the first time are struck by one significant feature of those little houses whose owners have been dead for 2000 years. That is the faces which are often carved over the door or in the atrium and intended to convey a welcome or a defiance to the entering guest. The New House, as it is called, because it is the last rescued from the tomb of ashes, has before it two marble heads on pillars rising from beds of roses. Their faces are turned to greet the stranger with gay, friendly smiles. No one could enter a house which gave him so cordial a welcome without a bapting throb of the heart. In the entrances of some of the other houses are set angry, frowning heads of demons.

Quaker Cemetery in Prospect Park.

There is a Quaker cemetery in Prospect Park West, Brooklyn. The cemetery is much older than the park, and when the park was organized it was done with the understanding that the Friends' burying ground was not to be disturbed. The pact will probably always be kept. The cemetery covers several acres—say, from eight to ten—and is beautifully situated on one of the most commanding hills in the park.

Black Eggs.

The black Cayuga duck, a South American bird, frequently lays black eggs. The coloring does not penetrate the shell, being due to an oily pigment which can be rubbed off. In successive layings the coloring fades and disappears.

Sharing a Sentiment.

"Do you think a man ought to forgive his enemies?" "Yes," said Senator Sorghum. "But he ought to make the score near enough even to let the enemy do some forgiving on his side."—Washington Star.

All habits gather by unseen degrees, as brooks make rivers, rivers run to seas.—Dryden.

Picnic Bills

LET US PRINT
THEM FOR YOU

The Herald is equipped to print Picnic Bills on short notice, and make you prices as low as is consistent with quality and workmanship. Let your bills be a criterion of your picnic—if you put out good bills then the people will know you will have a good picnic. We also print Ice Cream as well as all kinds of tickets on short notice, and solicit your work of this character. In fact,

We Print Anything from
a Postal Card to the
large size Posters.

REFUSE TO MINE IRON TO SLAY OWN PEOPLE

Virginia, Minn.—Austrian miners employed at the Gilbert iron properties walked out declaring they would not produce metal "to kill their countrymen." There was no disorder. Sheriff J. R. Meining declared German propaganda evidently was behind the strike. Three men who posted notices of the walkout were arrested.

Several hundred men who struck Monday at McKinley, asking \$6 a day and other concessions, returned to work, according to the operators.

The latest "southern outrages" have been pulled off at Brooklyn, N. Y., and Chester, Pa. Of course it was outside the "zone," but the poor negro victims are very dead, just the same.—Macon News.

KNOW IT WELL

Familiar Features Well Known To
Hundreds Of Hartford Citizens.

A familiar burden in many homes. The burden of a "bad back." A lame, a weak or an aching back. Often tells you of kidney ills. Doan's Kidney Pills are for weak kidneys.

Here is Hartford testimony. E. L. Ashley, farmer, Griffin St., Hartford, says: "I consider Doan's Kidney Pills a reliable kidney medicine. I suffered with backache and too frequent action of my kidneys. This medicine helped my kidneys, relieved my back and made me feel better generally."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that M. Ashley had. Foster-Milburn Co., Buffalo, N. Y. Advertisement.

BARGAIN OFFER

The Hartford Herald and
Weekly Commercial - Appeal
Both 1 Yr. for \$1.25

THE HARTFORD HERALD has made a special clubbing rate with the Memphis Weekly Commercial Appeal, of Memphis, Tenn., by which we will furnish both papers for the sum of \$1.25 per year—regular subscription price, \$1.50. The Commercial Appeal is one of the largest and best papers in the South, and we hope to receive many new subscriptions on this offer; \$1.25 cash for both papers. This applies to renewals as well as new subscriptions.

HUGHES' CHILL TONIC

(PATENTABLE)
Better than Calomel and Quinine. (Contains no Arsenic) The Old Reliable.
EXCELLENT GENERAL TONIC

As well as a Remedy for Chills and Fevers, Malarial Fevers, Swamp Fevers and Bilious Fevers. Just what you need at this season.

RECORD CROP OF
CORN FORECASTED

Prospect Improves 67,000,000 Bushels During July—Other Crops Look Well.

Washington.—A corn crop surpassing any ever grown before; a reduction in wheat prospects, due to damage to the spring wheat crop, and record crops of barley, rye, white and sweet potatoes, tobacco and hay were forecast in the August 1 crop report of the Department of Agriculture. Corn production was placed at 3,191,000,000 bushels, an increase of 67,000,000 bushels over the July forecast and 68,000,000 bushels above the record crop of 1912. The showing is due to vast improvement in the growing corn in Illinois, Indiana, Iowa and Missouri. In Kansas the condition declined to 33 per cent of normal, compared with 66 per cent on July 1, and as a result Kansas' crop is forecast at 81,740,000 bushels, compared with 169,536,000 bushels forecast in July. Oklahoma's crop showed a decline from 61 per cent of a normal to 30 per cent, with production forecasts reduced from 85,592,000 bushels to 33,844,000 bushels.

Spring wheat production forecast in July, 276,000,000 bushels, showed the results of adverse weather conditions. The prospects are put at 236,019,000 bushels, a drop of about 40,000,000 from the July 1 report. North Dakota's crop suffered most with a loss in prospective production of about 15,000,000 bushels, while South Dakota lost almost 3,000,000 bushels and Washington 7,000,000 bushels.

Winter crop improves. Winter wheat, however, is turning out better than previously forecast, with a forecast total of 417,000,000 bushels, or 15,000,000 bushels more than indicated from July conditions.

The combined yield of winter and spring wheat, therefore, shows a reduction of 25,000,000 bushels from the production forecast in July. The crop forecast from August 1 conditions will be only 653,000,000 bushels, or 13,000,000 bushels more than harvested last year.

Potatoes are expected to yield 467,000,000 bushels, or 15,000,000 bushels more than forecast from July conditions and 47,000,000 bushels more than the record crop of 1912. Sweet potatoes also will be a record, with 86,400,000 bushels.

There will be an enormous crop of tobacco, almost 120,000,000 pounds larger than the record production of last year. The buckwheat crop will be the largest in many years and oats will come close to equaling the record made in 1915.

ENGLISH GIRLS BECOME
REAL CIGARETTE FIENDS

London.—England is becoming alarmed over the spread of the cigarette smoking habit among her women and girls. Before the outbreak of the war English women who found consolation in the weed smoked in sensible moderation, usually smoking from fifteen to twenty cigarettes a week. But not so now, for the smoking craze has made such headway that there are thousands of women at the present time who think nothing of smoking a hundred or a hundred and fifty cigarettes a week. The factory girls are the greatest victims of "My Lady Nicotine." Many such girls of sixteen or seventeen years of age boast that they can "get through" a box of fifty cigarettes a day.

ROY HINES LIVING WITH
FAMILY NEAR HARTFORD

A post card received by the Messenger Tuesday from C. C. Hines, of Olaton, states that Roy Hines, the young man who is said to have left his home here on July 4, was seen by him last Friday and that he stated he was making his home with Jesse Ahford, of near Hartford, and intended to visit his mother next month. The mother of the lad appealed to the police some days ago to assist her in locating her son.—Owensboro Messenger.

THE HERALD, \$1.00 THE YEAR.

SLACKERS CAUGHT IN THE
DRAGNET NEAR HICKMAN

Eight Arrested and the United States Marshal is On the Trail of Others.

Hickman, Ky.—A Deputy United States Marshal was here Monday rounding up the slackers, taking eight to Paducah for trial. He will be back in a few days and get at least that many more. It has developed that a great many frauds are trying to be put over, the main excuse seeming to be that the person is too old or too young. In a number of cases affidavits were made several years ago to procure marriage license, claiming they were twenty-one years old, and now, two or three years later, they are only twenty. The United States District Attorney advises that he is going to run down every case of this kind, and will insist on some severe punishment where parties are trying to make false statements. The local board commenced yesterday to send out notices to the drafted men to come in and be examined. There were 129 men drafted from this county, a number of young business men of this city being in that number.

KENTUCKIAN CHARGED WITH
THEFT OF LARGE SUM

Walter D. Coakley, Formerly of Louisville is Wanted in Arizona.

Tucson, Ariz.—Walter D. Coakley, formerly of Louisville, stole a registered package containing \$10,000 in currency and 'made his getaway,' Postmaster Ronstad, and post-office inspector charged. He is believed to have gone into Mexico, entering at Nogales, sixty-eight miles south. The theft occurred on July 3, and was not discovered until August 1, when notice was received by the Southern Arizona Bank & Trust Company, sender of the package, from the addressee in Los Angeles that it had not been received. Investigation showed that Coakley, stamp clerk, while acting during noon hour for the registry clerk, had receipted for the package and destroyed the post-office record of the transaction it is charged. He then asked for a two days' leave of absence, which was granted. He was bonded for only \$1,000.

This is the largest sum ever stolen from a post-office in Arizona. Inspectors Dutton, of Phoenix, and Ringer, of Los Angeles, declare.

Mrs. Coakley cashed Coakley's salary check, which he had induced to her, paid all bills and left for Louisville. She has a 5-year-old son.

The addressee was the Farmers & Merchants' National Bank, Los Angeles, Cal.

Speeding up the construction of American airplanes will help wonderfully to purify the air over Europe's fields.—Milwaukee Journal.

Spare the rod and spoil the Slave, seems to be the theory of Premier Kerensky.—Atlanta Constitution.

THE CARPENTER.

My, but the carpenter is slow,
With him my patience fails;
He even stops his work to go
And manicure his nails.
—Luke McLuke.

For getting things done in a rush
He does not care a straw;
He'll lay his work aside to brush
His teeth upon his saw.
—Boston Transcript.

For laziness there cannot be
The equal of that lad's;
His work's neglected now, while he
Sits there and reads his adz.
—Columbia State.

Such laziness in one man stored
Is trying, I'll admit;
If there's a hole already bored,
He will not work a bit.
—Birmingham Age-Herald.

In spite of all you say, my friends,
Of good he has his share;
For he brings things to a level, and,
His rule is always square.
—Memphis Commercial Appeal.

But work neglected always brings
Sure ruin, certain fall;
He's feeling Hard Luck's sharpest stings,
For he has lost his awl.
—Cincinnati Enquirer.

The carpenter may be quite slow,
And talk with quite a stammer,
But then he's not a knocker,
Though he always has a hammer.
—Memphis Commercial Appeal.

The carpenter may be a sober slob—
Not taking a drink at any place,
But you know he never starts a job
Without his little "brace"

Girls Have Pretty Faces
And Beautiful Complexion

An Atlanta man makes new discovery that makes an old face look years younger. If your skin is dark, brown, or covered with freckles or blemishes, just use a little Cocotone Skin Whitener. It's made with coconut oil and is perfectly harmless. A few days use will improve your looks 10%. The worn-out skin comes off evenly, leaving no evidence of the treatment, the new healthy under-skin appearing as a lovely new complexion.

Just ask your druggist for an ounce of Cocotone Skin Whitener, and if he will not supply you send twenty-five cents to The Cocotone Co., Atlanta, Ga., and they will send you a box by return mail.

If your hair is hard to comb, is kinky, nappy and will never stay straight, just use Cocotone Hair Dressing and it will become straight, long, soft, glossy and beautiful in a few days. Mail orders filled 25c for large box.

Lime in the Garden.

Lime will speed up garden crops. It is particularly beneficial on new land. For both flower and vegetable gardens hydrated lime is safest to use. Sprinkle it around the base of the plants and along the rows close to the plants, but not touching them, and work it in the soil.—New York Sun.

Sad Truth.

"Are you economizing over at your house?"
"No. We're simply eating less for the same money."—Washington Star.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

NEIGHBORHOOD NEWS

All About You and Your Neighbors

BEAVER DAM.

Aug. 13.—After the primary Beaver Dam is calm; nothing but war talk in our city, and strange to say, no one in this vicinity offers to volunteer to fight the Germans. The first year of the Civil War was fought with volunteers in both armies. When the country resorted to arms to settle the question that agitated the Government for a century neighbor boys volunteered for both armies would bid each other good bye—many of whom never met again. Also the Spanish-American war was fought to an end by volunteers on the American side.

Mr. Ellis Chapman, who moved to Beaver Dam some months ago, has bought the home of Mr. Burgess Austin on South Main street, and will move into it next week.

Mrs. Jennie Hill and her two daughters, Misses May and Nellie, who have been sojourning in Louisville, are at home for a short stay.

Miss Mary Stewart, of Louisville, is visiting her uncle, Mr. Mann Telford, and friends.

Mrs. A. K. Miller and daughter, Miss Myrl, of Tulsa, Okla., are in town to spend a month with Mrs. Miller's father and mother, Mr. and Mrs. W. R. Chapman.

Mr. and Mrs. Less Baird, of Lebanon, Ky., are visiting Mr. Baird's father and mother, Mr. and Mrs. Taylor Baird, and Mrs. Baird's father and mother, Mr. and Mrs. Elvis Smith.

Dr. Clarence Renter, of Oklahoma City, Okla., is visiting his brother, Luther Renter, and sister, Mrs. Dav Taylor.

Mrs. Telo Phelps, of Morgantown, is the guest of Mr. and Mrs. Bass Taylor this week.

Miss Bess Alford has returned home after attending a house party given by Nancy Jones, Octavia Barnett and Marguerite Spurrier, of Caneyville.

Miss Addie Belle Taylor is visiting relatives and friends in Russellville, this week.

Mr. Frank Cooper and wife leave this evening to visit relatives in Little Rock, Ark., and Weir, Kan.

Mr. and Mrs. Robt. Bennett, after a month's stay with relatives in Beaver Dam, left for their home in Portland, Ore., last week.

OLATON.

Aug. 13.—This promises to be a melancholy week in Olaton, as the preaching that has been going on here for the last four weeks has caused, Rev. Randy preached for two weeks at the Methodist church and a two weeks' meeting was held at the Baptist church by Rev. Norman Robinson.

Now that the primary election is over the lucky boys will soon be ready to canvass the county again for the final election in November.

Mr. Lynch, who has been working in Illinois for some time, arrived home Friday. He will stay with his mother awhile. His two older brothers will go to the European war. Hubert volunteered several days ago, and Ira left this morning for Louisville. He has been examined and found to be O. K.

We undoubtedly have the finest prospects for crops around Olaton we have ever seen. Lots of vegetables, too. But there are two eatables we have not as yet been able to see here—watermelons and cantaloupes.

Nattie White has a boy thirteen years old who started to school when he was six years old and has attended every school since—not even missing a day. Harlan is his name and his hobby is arithmetic. Can any other Ohio county boy beat his record?

Claude Quisenberry left this morning for the war.

BENNETT'S.

Aug. 13.—Rev. R. T. Harper filled his regular appointment at Hamlin Chapel Sunday night.

Mr. Sperlin Moore and wife, of Centertown, are visiting Mrs. Rhea Daniel this week.

Mr. and Mrs. Bilbro and children, of Centertown, are visiting Mrs. Tom Wallace this week.

Mr. Arvil Cheek and Miss Lee May Wallace, of Fordville, visited Mrs. Tom Wallace last week.

Children's Day services were held at Hamlin Chapel Sunday evening. A large crowd was in attendance.

Rev. J. W. Chapman, of Kenton, Okla., and his son Jesse, who have been visiting S. J. Hawkins and family, will leave for home tomorrow, accompanied by Miss Vera Hawkins.

RICKETTS.

Aug. 13.—There will be preaching at Bethel church Sunday by the pastor, Rev. Bailey, and also Sunday School. Everybody come and bring someone else.

Mr. and Mrs. John Griffin and children and Miss Artie Hoover spent Saturday and Sunday with Mrs. Griffin's mother, Mrs. Clifton Hoover, at Clear Run.

Miss Sarah Hoover spent the week-end with her parents, Mr. and Mrs. Elijah Hoover, and returned to Owensboro to his work.

Mr. and Mrs. C. B. Patton, of Sunnysdale, spent Thursday and Thursday night with Mr. Patton's mother, Mrs. Martha Patton. Also Mrs. Patton's mother, Mrs. Elijah Hoover. Mr. Patton, who has been on the sick list, is slowly improving.

Mr. Shelby Roach is having some repair work done on his house. It will be quite nice when completed.

Tobacco and corn are looking fine. Mr. Melvin Stewart spent Thursday and Friday at Leitchfield.

Several from here attended the Sunday School children's day at Hamlin Chapel church Sunday.

School at this place is progressing nicely with Mr. Henry Barnes as teacher.

HOPEWELL.

The meeting closed at Pond Run last Thursday night with about 20 conversions and 17 additions to the church, who were baptized at Rockport Friday by Rev. Shields.

Mr. and Mrs. Meeker, of Louisville, after an extended visit to Mrs. Meeker's parents, Mr. and Mrs. Alec Russell, returned last Friday.

Miss Olga Hunley left last Friday for Charleston, Va., where she has a position.

Mr. and Mrs. Alex Russell spent last Saturday and Sunday with Mrs. Russell's parents at Powderly, Ky., returning Sunday.

Miss Jessie Taylor, of East St. Louis, Ill., is spending her vacation with her parents, Mr. and Mrs. C. G. Taylor.

The wheat thresher has come and gone. Two sets in this neighborhood. What we had was good and made nearly a bushel to the dozen. Corn is looking very well.

CONCORD.

Aug. 13.—Farmers are very busy working in their tobacco, but say there are no worms.

Several from here attended the children's exercises held at Hamlin Chapel last Sunday, and all report a very nice time.

Mr. and Mrs. James Tally made a business trip to Hartford this morning.

Mr. Wayne Rock returned Sunday from Beaver Dam, Route 4, where he carried the mail for his brother the week-end.

Mrs. Hattie Jones and little daughter, of Blue Island, Ill., are visiting relatives in this community.

Messrs. Curtis Whobrey and Eugene Lauterwasser, of this place, left Saturday for Louisville, where they will seek employment.

Mr. and Mrs. Luther Rock, of this place, visited their son and daughter, Mr. and Mrs. R. L. Dever, of Hartford, one day last week.

BEECH VALLEY.

Aug. 11.—Esq. and Mrs. J. L. Patton, of Ralph, visited their son and daughter, Mr. and Mrs. T. S. Miller, Sunday.

Mr. Clarence Taul, of this place, lost two horses this week.

Mr. T. S. Miller had a horse badly cut on both wire Sunday.

Mrs. Reat Norris, who has been on the sick list, is better.

Miss Gola Evans has returned home after a two weeks visit with her mother, Mrs. Elton Evans, of near Fordville.

Mr. Lee Miller spent Saturday night with his brother, Mr. C. E. Miller, of Fordville.

Mrs. Leathel Miller and Miss Gola Evans went to Dundee Wednesday afternoon on business.

Mrs. Lucretia Midkiff is on the sick list.

Vera, the little daughter of Mr. and Mrs. George Midkiff, who has been ill for some time, is no better.

Mr. Charlie Johnson has been very ill.

Mr. and Mrs. Sam Leach and children visited their parents, Mr. and Mrs. Jim Whitehouse, of Adaburg, Sunday.

Mr. Lee Miller attended church at Marvin's Chapel Sunday and dined with Mr. and Mrs. Tarvin Baker and Mr. Marvin Baker.

HORSE BRANCH.

A protracted meeting was begun here Monday night, conducted by Rev. Franks, of Beaver Dam.

Miss Edith Goodlow, of Paducah, spent several days last week with Mr. and Mrs. N. B. Sargent.

Mr. Willie Eisler is spending several days in Louisville.

Misses Lottie and Mabel Bishop, of Cecelia; Mrs. Wallace Graves and children, of Bowling Green, are visiting Mr. and Mrs. Walker Myrtle.

Dr. and Mrs. J. S. Bean and son Leonard, spent the week-end in Louisville.

Miss Bessie Murphy, of Memphis, Tenn., visited the Simmons Co-Operative Club Friday afternoon.

Several of the boys from here have been examined and all but one passed the physical examination.

LOUISVILLE LIVE-STOCK MARKET

Louisville, Ky., Aug. 14, 1917.
HOGS—Receipts 2,151 head. The trade ruled excited and 45c higher. The best hogs, 210 pounds and up, \$17.25; 165 to 210 pounds, \$17.10; 120 to 165 pounds, \$16.35; pigs, \$13.10 @ 14.35; roughs, \$13.70 down.

CATTLE—Receipts 2,068 head. The supply was about as expected and a good active trade was noted on all desirable kinds. The best light butchers figured a full 25c higher than last week; medium and inferior kinds slow. The canner and cutter trade was 25c up from last week. Best bulls in demand at firmer rates, while common kinds were dull. No prime ripe heavy steers here, feeling on that class firm; good heavy steers, 25c to 50c higher than prevailed a week ago. Good healthy inquiry for all kinds of good feeders and stockers, but medium and plain kinds are neglected. Choice milk cows in good request. Prices ranged from \$5.00 to \$11.00.

CALVES—Receipts 213 head. The market ruled 25c higher; best veals, 11 @ 114c; medium and common kinds unchanged.

SHEEP AND LAMBS—Receipts 2,088 head. The quality was ordinary, but despite this fact lamb values advanced 25c, while sheep held steady. Best lambs, \$14.25 @ 14.50; seconds, \$10.00 @ 10.25; culls, \$7.00 @ \$8.00. The best fat sheep, \$7.75 @ \$8.00; bucks, \$6.00 down.

NEW TEACHER

For Hartford College is J. T. Hoagland—Takes Place of E. S. Howard.

The School Board of Hartford College met Monday night and elected J. T. (Bud) Hoagland, of Hartford, Route 5, as teacher in the seventh and eighth grades to succeed Prof. E. S. Howard, who is the Republican nominee for School Superintendent, and who recently resigned to make the race for that office.

Prof. Hoagland comes highly recommended as a capable teacher, who has had thirteen years experience in school work, and the board is to be congratulated upon securing his services.

A WALTON'S CREEK

SURPRISE PARTY

On Sunday afternoon of August 12th the Sunday School class of E. J. Ashby, of Walton's Creek, met at his home to give him a birthday surprise. After the class recitation the members of his class slipped over to his home with materials for making ice cream, while some one detained him at the church. When he reached home the ice cream and cake were ready and the young people were in high spirits over surprising their teacher. All seemed to enjoy the afternoon and above all the teacher appreciated the good will and kind hearts of his pupils.

"SOME COOL" CUCUMBER

As the champion cucumber raiser, of Ohio or most any other county, our hats are off to Mr. T. L. Lloyd, of Narrows. He raised one this year that we believe would take the prize at most any fair or farm product exhibit. The aforementioned vegetable measured 16 inches in length, 14 inches in circumference, and weighed six pounds and eight ounces.

When one stops to consider the dimensions and weight of this cucumber it is almost as large as a watermelon.

When you make that sorghum, don't forget that we have a full line of syrup buckets that can be bought at reasonable prices.

ACTON BROS.

Hartford, Ky.

L & N Freight Service

THE prosperity of any community is measured largely by the quality of Freight Service rendered and by the reasonableness of the charge made. Men, women and children eat, wear and sleep Freight Service and pay for that service directly or indirectly. Farmers, manufacturers and merchants, and those employed by them, must have Freight Service, otherwise the wheels of commerce become clogged and business stagnation results.

Therefore, the L. & N. long ago determined to supply the standard of excellence in Freight Service. No railroad in the South has a better road bed, with a lower grade and fewer curves, or a larger percentage of double track; none has more powerful modern engines or more commodious freight cars. No railroad approaches the L. & N. in speed of schedules and consequent promptness of delivery.

And no railroad in the South charges a lower rate, even for inferior service, than is charged by the L. & N. for superior service.

L. & N. Freight Service has widened the South's field of opportunity; has facilitated the development of her rich natural resources, and afforded a ready market for her varied commerce.

Since 1900 the L. & N. has transported 414,340,026 tons of freight. The L. & N. is equipped for yet greater service, and is planning with optimism and faith in the future of the South and her people.

Your favorable consideration of L. & N. Freight Service is requested with the assurance that the L. & N. will co-operate to the full limit of its unexcelled facilities.

LOUISVILLE & NASHVILLE RAILROAD CO.

The Old Reliable

The total number of tons of freight carried by the L. & N. in sixteen years was 414,340,026 tons. The percentage that each of the different commodity groups bears to total is as follows:		
Agricultural Products.....	33,523,715 tons or	8.09%
Animal Products.....	6,301,931 "	1.52%
Forestry Products.....	43,910,877 "	10.58%
Mineral Products.....	245,193,831 "	59.18%
Merchandise.....	36,524,022 "	9.30%
Manufacturers' Articles.....	47,785,630 "	11.52%
414,340,026 tons — 100.00%		

TO SEIZE 1917 WHEAT CROP!

Food Administration Plans To Conserve Flour and Bread For Allied Armies.

Washington, Aug. 12.—The Food Administration announced tonight its plan for controlling wheat, flour and bread revealing that the Government is prepared to take over the whole 1917 wheat harvest if necessary to conserve the supply, obtain just prices for America's fighting forces and their Allies and reduce costs to the general public in the United States.

Establishing of buying agencies at all the principal terminals, licensing of elevators and mills, fixing of a price to be considered fair, regulation of the middleman and of grain exchanges, with the elimination of trading in futures, are the chief features of the plan. The licensing will begin September 1.

The minimum price of \$2 for wheat, fixed by Congress does not become effective until next year, but the Administration proposes to exercise a very thorough control over this year's crop through powers conferred under the food and export control bills.

HAS SELF PINCHED FOR DEFLYING OWN ORDER TO CLOSE HIS OWN SALOON

Chicago, Ill., Aug. 12.—Robert Parchmann is Mayor of Lyons. He also owns a saloon in the suburb. Friday he told Assistant State's Attorney Case he was annoying himself by defying his own order to close his saloon Sunday.

Parchmann said he wrote himself a letter last week warning himself he would have himself arrested unless he kept the saloon closed Sunday. But Saloonkeeper Parchmann stuck his tongue in his cheek, tossed the letter into the waste basket, and kept the saloon open.

Thereupon the police seized Saloonkeeper Parchmann and his bartender. Mayor Parchmann said it served himself right and is considering revoking his license to teach himself a lesson. "The trustees will meet soon, and I think I can promise that the saloons in Lyons will be closed next Sunday," Parchmann said as he left Case's office, breathing virtuous indignation against himself.

PUBLIC SALE OF BANK ASSETS

Real Estate, Notes and Other Assets of McHenry Deposit Bank in Liquidation to be Sold at Auction.

On Monday, September 3, 1917, at about 1 o'clock p. m., at the court house door in Hartford, Ky., I will sell at public auction to the highest bidder or bidders for cash in hand the following property of McHenry Deposit Bank in liquidation, to-wit:

(1) **BANKING HOUSE AND LOT**—A lot in McHenry, Ohio county, Kentucky, bounded as follows: Beginning at a point forty feet East of S. J. Tichenor's Northwest corner on Howard street; thence South parallel with S. J. Tichenor's West line seventy-five feet; thence East twenty-eight feet parallel with Howard street; thence North seventy-five feet to the line of Howard street; thence West twenty-eight feet to the beginning. Conveyed to McHenry Deposit Bank by S. J. Tichenor and wife October 19, 1907.

(2) **FARM**—Fifty-one acres of land out of two forty-acre tracts deeded to Harrison Maddox and Alice Maddox by Robert Southard and lying on the North end of said land and bounded as follows: Beginning at a stone on the South bank of Lewis creek; thence S. 12 1/4 W. 32 poles and 17 links to a sweet gum; thence S. 2 1/4 W. 54 poles to a stone in Q. S. Southard's West line; thence N. 32 poles to a stone; thence N. 74 1/4 W. 80 poles to a stone; thence N. 1 1/4 E. 32 poles to a stone on the bank of Lewis creek; thence up said creek with its meanders to the beginning. Conveyed to McHenry Deposit Bank by Flora B. and John Bratcher, December 9, 1915, as shown by deed in Ohio County Clerk's Office, Book 49, page 478.

(3) **TOWN LOTS**—Lot No. 162 in the Dunbar Addition to the town of McHenry, Ohio county, Ky. Beginning at a stake in the East line of Jefferson avenue 100 feet South of Second street; thence S. 86 degrees, 37 minutes E. 155.6 feet to a stake in the West line of the county road; thence N. 15 degrees, 57 minutes, E. 51.2 feet with said road to a stake; thence N. 86 degrees, 37 minutes, W. 166.7 feet to a stake in the East line of Jefferson avenue; thence S. 3 degrees, 23 minutes, W. 50 feet to the beginning, containing 8057.5 square feet. Mineral rights reserved. Conveyed to the bank by John A. Miller

and wife, August 11, 1915, deed recorded in Ohio County Clerk's Office, Book 49, page 564.

Lot No. 163 in Dunbar Addition to said town of McHenry and bounded as follows: Beginning at the Southeast corner of Second street and Jefferson avenue; thence with the Eastern line of said avenue South 3 degrees, 23 minutes, W. 50 feet to a stake; thence South 55 degrees, 37 minutes, East 166.7 feet to a stake in the Western line of the County Road; thence with said road North 15 degrees, 57 minutes, East 51.2 feet to a stake at the intersection of Second street and the county road; thence on the South line of Second street North 86 degrees, 37 minutes, West 177.8 feet to the beginning, containing 8612.5 square feet. All mineral rights reserved. Conveyed to said McHenry Deposit Bank by John A. Miller and wife, August 13, 1915, deed recorded in Ohio County Clerk's Office, in Book No. 51, page 78.

(4) About \$18,000.00 in notes and accounts.

(5) One Mosler Bank Safe in good condition, one Burroughs Adding Machine, three shares of stock in the Ohio County Farmers' Mutual Telephone Company together with all books and other property belonging to the said McHenry Deposit Bank in Liquidation.

This August 15, 1917.

ROWAN HOLBROOK,
Special Deputy Banking Commissioner.

H. P. Taylor & G. B. Likens, Attorneys.
